#### Nobles of the Mystic Shrine Arrive With the Arab Patrol And Meet Warm Welcome

KERAK TEMPLE SHRINE BAND WHICH LEADS THE CARAVAN TO TONOPAH

MEMBERS OF SHRINERS' BAND

These Purveyors of Sweet Music Accompany the Delegation of Shriners from Reno that is to initiate a Class of Thirty into the Oriental Mysteries of the Shrine at Tonopah on Tomorrow Night. From Left to right: Gartner, Matthews, Nease, Golding, Parker, Genesey, Whiteley, Matthews, Preston (Leader), Oliver, Gorman, Frohlich, Rudolph Herz, Anderson, Steinmiller, Kent, Corlie, Gosse (Drum Major).

All arrangements for the entertain-  
ment of the delegation of fifty  
members of Kerak Temple, Nobles of  
the Mystic Shrine, of Reno, who will  
reach Tonopah tomorrow morning,  
headed by S. C. Dinamore, potentate  
of Kerak Temple, and Frank A. King,  
recorder, have been completed by the  
committee of local members. Through  
the courtesy of W. D. Forster, traffic

manager of the Tonopah & Goldfield  
railroad, who placed his private car  
at the disposal of the Goldfield com-  
mittee, the visiting delegation were  
met here this morning and escorted  
to Goldfield.

The train from the north was two  
hours late owing to the extra cars,  
consisting of a special sleeper for the  
pilgrims, and a baggage car contain-

ing all the appointments demanded  
by the ceremonies tomorrow night.  
The Arab Patrol and the band were  
received by a large delegation of  
Tonopah Masons, who joined with the  
Goldfield fraternal in entertaining and  
jolly the wearers of the fez from  
the oasis of Reno. The band played  
under direction of Harry Gosse, of  
the Riverside caravansary at Reno,  
who officiated most acceptably as  
drum major. Altogether the boys  
succeeded in raising quite a commo-  
tion and ran the risk of being arrest-  
ed for disturbing the peace. The special  
baggage car was detached here and  
run to a sidetrack, where the parapher-  
nalia was carefully removed to  
Miners' Exchange hall for the in-  
flation. This evening there will be a  
dance in Goldfield, which will be at-  
tended by many of the local Masons  
owning private cars.

ker, chief rabban; A. A. Codd, assist-

### SLIGHT PROGRESS BY EACH SIDE IS CLAIMED TODAY

BERLIN AND PARIS SEND OUT  
REPORTS OF SELF-SATISFY-  
ING STYLE.

(By Associated Press.)  
PARIS, Nov. 13.—From Lys to the  
sea the fighting is less violent. Ef-  
forts of the Germans to cross the  
Yser have been checked. The French  
positions are maintained. Slight  
progress in other parts of the battle  
front are reported, also the capture  
of a German detachment by a sur-  
prise attack.

### GALLAGHER HIRES ATTORNEY TO FILE ELECTION CONTEST

RETURNS WILL BE AVAILABLE  
LATE THIS EVEN-  
ING.

The official counting of the election  
returns began this morning in the  
rooms of the county clerk. This will  
occupy the major part of the day, but  
the board expects to have the returns  
all counted by this evening. Interest  
centers on candidates for sheriff and  
justice of the peace. At 2 o'clock  
this afternoon nine precincts had  
been counted; 16 remaining to be  
tallied. Wm. Thomas, who opposed  
Charles Slavin for sheriff, gained four  
votes in the Duckwater precinct.

The first contest announced is for  
the office of justice of the peace of  
Tonopah township, for which Harry  
Dunseath and P. J. Gallagher were  
candidates. The unofficial returns  
show a majority of 16 for Dunseath,  
but owing to the irregularities of the  
count through worn-out election offi-  
cers falling asleep at their tables,  
Gallagher feels that he has more  
than a fair chance of coming out  
ahead. He has engaged the services  
of H. C. Cooke, who will apply to the  
district court for a recount as soon  
as the official announcement of the  
vote is published.

### GOLD PRODUCTION FOR 1915 WILL SURPASS ALL RECORDS WITH ABUNDANCE OF WATER

The Round Mountain Mining com-  
pany is preparing for an aggressive  
campaign next year with plans for  
hydraulic mining on a large scale. The  
company has acquired water rights  
that will place it in a position to  
operate placers for five months con-  
tinuously with the expectation of  
more than quadrupling the annual  
gold output of the district. In doing

this it will spend \$50,000 in building  
a pipe line eight miles in length.

James R. Davis, president of the  
Round Mountain Mining company, is  
very optimistic over the outlook,  
which he says is the best in the his-  
tory of the company. Now that the  
clouds of litigation have been cleared  
from the firmament it is proposed to  
go ahead and demonstrate what the  
company is capable of doing in the  
way of earning dividends.

Three days ago the company open-  
ed what promises to be one of the  
richest bodies of ore in Nye county  
and, if the ledge holds out, it will  
be another means of adding to the  
earnings of the company. This ledge  
was cut on the 900-foot level east of  
the shaft and, after the first three  
rounds of shots had been fired the  
ore broke down on an average of  
from \$20 to \$40 a ton. When it is  
understood that the mill heads of  
the Round Mountain company have  
been running at \$3 and \$5 and that  
the company has been paying regular  
dividends from these values by treat-  
ing 5,000 tons a month, it may read-  
ily be seen what is likely to come  
from the richest values on the 800  
level. President Davis is not making  
predictions until he is satisfied that  
the vein will hold out, as he is averse  
to spreading reports on the strength  
of what appears in a few feet of de-  
velopment.

The main working shaft has been  
sunk from 700 to 950 feet. At the  
latter depth ore is showing in the  
shaft with values ranging from \$3 to  
\$9. The 800-foot west drift has been  
connected with the Sphinx and an  
electric hoist is being installed for  
the purpose of developing the Sphinx  
at greater depth. The company is  
favored with a very desirable ore, as  
there is no cyaniding, and values are  
all recovered on the plates.

For the pipe line to Jett canyon  
the company has let a contract for  
10,000 feet of ditch five feet wide  
at the top, forty inches deep and four  
feet at the bottom. This is to receive  
the pipe leading to Jett canyon, eight  
and one-half miles away, making a  
total of 44,000 feet of ditch to be con-  
structed. The contract for the pipe  
has not been placed, but it is esti-  
mated that the cost of this installa-  
tion will be between \$125,000 and  
\$150,000.

Monmouth were destroyed.

(By International News Service.)

of war are approximately 57,000 of all ranks up to Oct. 31, an-  
nounced Premier Asquith, in Parliament, in response to an inter-  
pellation. Asquith said he was unable to estimate the losses of the  
other allied powers, nor could he give any idea of the losses of  
Germany.

### WASHOE COUNTY VOTE CANVASSED

SHOWS FERREL ELECTED SHER-  
IFF OVER BURKE; PLATT'S MA-  
JORITY IN COUNTY 236.

Washoe county's vote on the recent  
election was completely canvassed  
Tuesday by the board of county  
commissioners and produced one surprise  
in showing that C. P. Ferrel (R.) had  
been elected sheriff over A. A. Burke  
(D.) by 12 votes, receiving 1,979 votes  
to 1,967 for Burke. The discrepancy  
in the official vote from that previ-  
ously reported was found when the  
precinct of Franktown was canvassed  
giving 7 for Ferrel and 11 for Burke.  
The change completely upset Burke's  
apparent advantage of five votes and  
left him 12 behind.

In the canvass Sam Platt's majority  
over Senator Newlands was reduced  
by 12, making it 236 instead of 248.  
No changes of importance were not-  
ed in the other offices.
